CURRENT OFFER

We are pleased to offer your company our services regarding international and national transportation. Our company has been on the market since the middle of the 1980s, whereas international transportation has been in our offer since the 1990s. We are specialized in handling transportation to the East – Ukraine, Moldavia and Romania, and that heading south – Greece, Bulgaria, Hungary, Croatia, Macedonia, Slovenia, as well as Czech Republic and Germany.

We have at our disposal fully-functional, modern equipment and reliable, responsible drivers. At present, our fleet includes over 30 transportation sets. Moreover, we cooperate with subcontractors, which gives us the number of about 40 cars equipped with continuous GSM connection and GPS navigation systems. Additional equipment includes:

- Canvas semi-trailers of 95 CBM cubature (34 EuroPallets),
- Canvas semi-trailers of 10 CBM cubature (34 EuroPallets), Mega (lifting roof)
- Spatial load sets up to 120 m³ (38 EuroPallets).

All our vehicles are compliant with ecological requirements EURO 6. Modern solutions which we have implemented regarding our equipment and staff include: EURO 6 EEV cars, continuous trainings for drivers – economical driving training OPTIFUEL Renault Trucks; they allow for savings of time and money both for us and for you.

Our company is under constant development, as proven by our always-growing number of sets.

We guarantee quick and reliable transportation of cargo.
